It Proves That There's a Way Out for Many Suffering Barre Folks

Just another report of a case in Barre. Another typical case. Kidney ailments relieved in Barre with Doan's Kidney Pills.

C. A. Churchill, 35 Merchant street, Barre, Vt., says:

"One box of Doan's Kidney Pills benefited me so greatly that I continued until all symptoms of kidney complaint had disappeared. On several occasions since, I have taken this medicine with good results. I have often advised friends and acquaintances whom I have heard complaining of backache to try Doan's Kidney Pills."

Price 50c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Churchill had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonial. Address F. J. ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

C. J. Johnson of Windsor, Ill. with pneumonia, died in an automobile in which he was being carried to the hospital in Claremont, N. H., for treatment, Thursday. He was 50 years old.

Horace Allen, son of Dr. and Mrs. C. E. Allen of Swanton, who is practicing law in Springfield, Mass., won recently a cash prize of \$50 for the best essay on the city manager form of charter. A Springfield business man gave the \$50 to create an intelligent discussion of the proposed charter.

A fire in the Logan hotel in Middlebury Friday evening frightened the guests, but was soon under control. The furnishings in one room were somewhat burned and the upper rooms were filled with smoke, the damage being about \$200.

Among the marriages recently performed in Bellows Falls was that of Frank E. Rollins and Katherine E. McDonald of Brookton. Mr. Rollins' legs have both been amputated above the knees and he propels himself about on a small truck. With them were also married Charles L. R. Kover, aged 21, and Annie E. Richmond, aged 18, both of Brookton. Mr. Kover has a very peculiar walk, caused by a diving accident six years ago, when he broke his neck. They came from Brookton by auto and left for a wedding trip over the Mohawk trail. The chauffeur completed the odd wedding party by being a little man not over four feet tall.

NOTICE!

Following a conference of the milk dealers of the city of Barre, the following prices and conditions have been adopted by them, to take effect on Wednesday, Nov. 15:

1. The price of milk will be eight cents a quart in quantities of less than five quarts, seven cents per quart in quantities over five and under 10 quarts, 65 cents per can in can quantities.

2. The price of cream will be: One quart, 60c; one pint, 32c; one-half pint, 16c; one-fourth pint, 8c; and not less than one-fourth pint shall be delivered at any one place.

3. All customers will be required to furnish a bottle for each bottle received, pint for pint and quart for quart.

4. Each milkman's route will be covered only once in 24 hours, eliminating the expensive double delivery system.

A number of things have led up to the adopting of these conditions. Reports of the dealers show that at present the margin of profit is not in keeping with expenses. The higher prices of labor, material and all commodities have increased the cost of delivering milk. Reports from several of the towns and cities of Massachusetts show that it costs from 2 to 4 cents per quart to deliver milk. The recent raise in price asked for milk by the producers naturally necessitates an increased cost to the consumer. The large number of milk bottles lost by the individual milkmen from one cause and another adds a large item of expense to delivery. This loss for the most part has been stood by the milkmen, hence the attempt to regulate the bottle question by simply asking the customer to furnish as much capacity in bottles as he desires milk.

The custom adopted in this city of delivering milk twice a day to the same consumer adds a tremendous item of expense to the milkman's business. The convenience which this method furnishes to the consumer is very slight indeed. Barre stands practically alone in this respect, being the only city of its size in this part of the country where such a method of delivery has been generally adopted. Customers are urged to accept these regulations in the light in which they are meant, which is that of merely establishing conditions which will be of mutual benefit to the producer, milkman and consumer.

Respectfully submitted by the milk retailers of Barre:

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause atony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

Try a 10-cent bottle of Rheuma, and if you do not get the joyful relief you expect, your money will be returned. The Red Cross Pharmacy always has a supply of Rheuma and guarantees it to you.—Adv.

hind a movement to have a bill presented at the coming session of the legislature which will require five days' notice in this state before the issuing of a marriage license, the conditions in Bellows Falls the past year being the cause for the action. Since January 1, 1916, 733 marriages have been performed there, and of these about 700 have been out-of-the-state couples. In October there were 117 marriage ceremonies there. The club contends that the situation tends to cheapen and lessen the respect for the marriage ceremony and desires that the Vermont marriage law be made to conform with that of other states. A Bellows Falls attorney has been asked to draw up a bill and Dr. F. L. Osgood of Saxtons River will present it to the legislature. The Bellows Falls town clerk, who receives \$1 for each license issued, and the ministers of the place have been reaping a harvest.
